

**CITY OF FAYETTEVILLE  
REQUEST FOR INFORMATION**

**FLEET MANAGEMENT & VEHICLE MAINTENANCE SERVICES**

**GENERAL TERMS AND CONDITIONS**

**1. Purpose and General Information**

The City of Fayetteville's (COF) purpose for issuing this Request for Information (RFI) is to gather information to assist the City in developing (at the City's sole discretion) separate, subsequent requests for proposal ("RFP") for qualified fleet service providers to provide management, maintenance and repair of its vehicle and equipment fleet. The City's ongoing objective is to maintain a safe and operational reliable fleet of vehicles. Thus, allowing the city agencies to provide public services to the citizens of Fayetteville. The maintenance provider shall use only high quality or Original Equipment Manufacturer (OEM) equivalent parts and supply qualified/certified personnel to ensure any and all repairs are performed to the manufacturer's standards; shall execute all warranty repairs to ensure a cost avoidance of OEM repairs; shall and shall provide a listing of all key performance indicators (KPI's), while executing high standards of preventative maintenance that reduce the total cost of fleet ownership to the COF.

The City reserves the right to consider one or more types of products and/or services from multiple respondents in order to develop the RFP that will best achieve the City's objectives. The City envisions that the RFP could result in a contract that will provide the best value to the City and that will form the basis of a partnership between the service provider and the City for the achievement of the City's long term objectives.

**2. Scope of Services**

The Contractor shall provide preventive maintenance, diagnose and perform remedial repairs, maintain all OEM technical service bulletins and recall notices, repair or rebuild all powertrain and associated components, provide road side assistance, emergency call out after hours services, on-site mobile services, co-ordinate motor pool operations, fleet management, vehicle accident or damage subrogation, and third party vendor outsourcing. In the event of and during a catastrophic weather event or natural disaster, the contractor shall maintain services to assure the continuity of effective and economical operation of the City of Fayetteville, North Carolina vehicles and equipment.

They will provide supervision, qualified labor, special tools, equipment, OEM or equivalent parts, and supplies in order to maintain the COF fleet in a state of repair and service consistent with accepted fleet practices. In addition, the Contractor shall provide and maintain computerized permanent record system to ensure accurate repair history and stored backup data for X years for each vehicle and vehicle category; and provide published KPI's in order to provide an annual total cost of ownership of all vehicles and equipment owned or operated by the COF for optimum fleet management.

### 3. Requested Information:

Prospective vendors are asked to submit the following:

Describe the capabilities and methodologies of your organization on managing and maintaining a diverse fleet such as the City of Fayetteville's. Please include (as a minimum) in your response the following:

- Comprehensive Billing System – to the City of Fayetteville
- Supply Chain Management
- Unit Leasing and Acquisition (Vehicle Procurement)
- Fuel Management
- Maintenance Management Reporting System utilizing Vehicle Repair Maintenance Systems and American Trucking Association standards of tracking
- Garage Management System: (Forecasting – Preventive Maintenance containing quality complaint, cause, and correction notes)
- Motor Pool Vehicle Strategies
- Road Service Assistance
- OEM Warranties
- Recalls
- Accident & Vehicle Misuse Reporting and Management
- Vehicle Remarketing
- Vehicle or Equipment Modifications
- Fleet Compliance with Department of Transportation's Driver Vehicle Inspection Reports
- Violation Management (Compliance, Safety, and Accountability scores)
- Training and Safety – Fleet Technician Certifications
- Fleet Account Management
- Telematics - Communications
- Insurance – Liability, Personal, Vehicle, property damage?

#### 4. **SUBMITTAL PROCESS**

##### A. **Schedule**

The expected schedule for this RFI is shown in the table below. The City reserves the right in its sole discretion to modify the schedule at any time. Any modifications to the schedule will be communicated through the RFI Contact identified in Section D below.

<b>Schedule for RFI Issuance and Evaluation</b>	
<b>Action</b>	<b>Date</b>
Issuance of RFI	August 24 2017
RFI Informational Session	11:00 AM; September 07, 2017
RFI Responses Due	5:00 PM; September 22, 2017

---

The City is open to receiving written questions submitted to the RFI Contact any time before the due date for responses. The City will conduct an informational session via the Internet to address its fleet sustainability goals and how it expects to meet those goals on September 07, 2017. Further information on the informational session will be provided to the prospective respondents.

**A.** If prospective respondents wish their questions to be addressed during the informational session, they should submit their questions in writing to the RFI Contact prior to the informational session. An archived version of the session and the questions and answers will be made available to the public.

The City will evaluate the responses received and determine whether and how to proceed with its procurement of fleet units and other fleet infrastructure. It may or may not issue an RFP or bid, or take any other action it deems appropriate.

## **B. Communications**

Respondents will have the ability to submit questions regarding any aspect of this RFI to the RFI Contact identified below. The submission of all questions, and all other communications related to this RFI, should be directed to the RFI Contact.

## **C. Submission of Responses**

Submissions in response to the RFI shall include one (1) original and (1) digital copy (.pdf). Each RFI shall be sealed and labeled “**RFI – Fleet Management & Vehicle Maintenance Services**” by 5:00 pm E.S.T. no later than September 22, 2017 at 433 Hay Street Fayetteville, NC 28302.

## **D. RFI Contact**

Respondents are encouraged to seek clarification as required to submit a complete and comprehensive response. Unless otherwise directed, all communications regarding this RFI should be made through the RFI Contact as follows:

Kimberly Toon, Purchasing Manager  
City Hall  
433 Hay Street  
Fayetteville, NC 28302  
ktoon@ci.fay.nc.us

## **E. Costs and Expenses**

The City shall not have any responsibility for any costs or expenses incurred by any respondent related to its preparation of a response to this RFI. Each respondent is solely responsible for its own costs and expenses in preparing and submitting a response to this RFI and participating in the RFI process, including the provision of any additional information or attendance at meetings or interviews.

## **F. No Binding Obligation Is Created**

This document is not intended as a solicitation for the award of a contract or a prerequisite for participation in any future solicitation. No contract will be awarded as a result of this RFI and response to this RFI is not required in order to respond to any subsequent RFP. The City is under no legal, monetary, or contractual obligation to respondents to this RFI. This RFI, and any documents submitted in response thereto, do not constitute and will not give rise to any legally binding obligation on the part of the City. The City does not intend to, and shall not be, bound by the terms of this RFI. The City reserves the right to proceed in any matter that it, in its sole discretion, deems appropriate. The City also reserves the right to accept and consider any non-compliant response. All responses to this RFI shall become the property of the City.

## **G. Reservation of Rights**

The City reserves the right, at its sole discretion, to alter and/or withdraw the RFI at any time and/or not issue an RFP or bid; to choose to discuss various approaches with one or more respondents (including those not responding to the RFI); to use the ideas or approaches submitted in any manner deemed to be in the best interests of the City, including but not limited to soliciting competitive submissions relating to such ideas or approaches; and/or undertake the prescribed work in a manner other than that which is set forth herein.

## **H. Confidentiality**

The names of the respondents to this RFI shall not be confidential. However, subject to the provisions of applicable law, at the request of any respondent, the contents of the response, or any portion thereof, may be treated as confidential. Any request to treat a response or portion thereof as confidential should be accompanied by an explanation justifying the applicability of the protection sought.

## **5. SUBMITTAL CONTENTS**

A complete response will include the following components:

### **A. Executive Summary**

Responses should include an Executive Summary which briefly describes the respondent, the major features of its response, and key highlights of the pricing and terms that the respondent would require in a contract to provide fleet management and vehicle maintenance services to the City.

## **B. Description of Respondent**

Responses should provide contact information, including, respondent's legal name, business address, name of contact, telephone, email address and website address. Responses also should provide a description of the respondent's qualifications, including a list of similar prior projects and/or services, and a description of experience with providing governmental or other large-scale alternative fleet services in the United States.

## **C. Financial Information**

Responses should provide an overview of the financial information associated with prior fleet management and vehicle maintenance projects and services outlined in the responses. Responses should include an estimation of how respondent would meet the financing requirements of a project that would meet the goals set forth in this RFI.

## **D. Description of Alternative Fleet Services**

Responses should set out a general description of the alternative fleet product and/or service that could be provided, including a description of the technology, fuel sourcing, development history, and utilization in an urban environment.

## **E. Timeline and Regulatory Approvals**

Respondents should identify all major regulatory, environmental, and local permits/approvals required to develop, procure, operate and maintain the fleet management and vehicle maintenance services in the response and provide a timeline showing all major regulatory and permitting milestones.

## **6. DESCRIPTION OF THE CITY'S CURRENT FLEET**
