Executive Summary

Title II of the Americans with Disabilities Act (ADA) regulates programs, activities, and services provided by state and local governments. The City of Fayetteville must comply with this section, which states: “no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any such entity” (42 USC Sec. 12132; 28 CFR Sec. 35.130).

Following Title II, the City of Fayetteville conducted an ADA compliance self-evaluation of its services, programs, activities, and facilities on public property and in public rights-of-way. With this information, an ADA Transition Plan has been developed to share the self-evaluation findings and establish strategies for improving ADA accessibility within our community.

The City of Fayetteville self-evaluation reviewed three fundamental areas for ADA compliance:

1. Communications, information, and facility signage;
2. Public buildings and spaces; and
3. Pedestrian facilities and public rights of way.

Results of the self-evaluation are contained in **Appendix A – Self-Evaluation**.

Improvements for each of these three areas are addressed by an Action Plan (**Appendix B – Action Plan**), which contains short, and long-term implementation actions. Short-term improvements generally require a minimal amount of planning, design, and financial investment. As such, these improvements will be evaluated and scheduled to begin before the end of FY2022. Long-term improvements require higher levels of planning, design, and financial investment. We will continue to work with the North Carolina Department of Transportation (NCDOT) to align projects with ADA compliance needs. Funding for the identified improvements has been appropriated through the city’s annual operational and capital improvement budgets.

ADA self-evaluation, transition planning, and implementation will be a continuous effort for the City of Fayetteville. The city is committed to updating the ADA transition Plan annually with oversight of the City Manager and every five years with required action by the City Council. The involvement of other community leaders and support organizations will continue to be a critical part of the ADA transition process.

Introduction

Transition Plan Need and Purpose

The Americans with Disabilities Act (ADA) is a civil rights law prohibiting discrimination against individuals based on disability. It was enacted on July 26, 1990, and was amended in 2008 with the ADA Amendments Act. The ADA consists of five titles outlining protections in the following areas:

1. Employment
2. State and local government services
3. Public accommodations
4. Telecommunications
5. Miscellaneous Provisions

Title II of ADA pertains to the programs, activities, and services provided by public entities. The City of Fayetteville must comply with this section of the Act, as it specifically applies to public service agencies. Title II of ADA states, “no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any such entity” (42 USC Sec. 12132; 28 CFR Sec. 35.130).

As required by Title II of ADA (28 CFR Part 35 Sec. 35.105 and Sec. 35.150), the City of Fayetteville has conducted a self-evaluation of its services, programs, activities, and facilities on public property and within public rights-of-way. Further, the city developed this Transition Plan to detail methods to be used in working toward compliance with ADA accessibility requirements into the future.

ADA and its Relationship to Other Laws

Title II of ADA is companion legislation to two previous federal statutes and regulations: the Architectural Barriers Act (ABA) of 1968 and Section 504 of the Rehabilitation Act of 1973.

The Architectural Barriers Act of 1968 is a Federal law that requires facilities designed, built, altered, or leased with Federal funds to be accessible. The Architectural Barriers Act marks one of the first efforts to ensure access to the built environment.

Section 504 of the Rehabilitation Act of 1973 is a Federal law that protects qualified individuals from discrimination based on their disability. The nondiscrimination requirements of the law apply to employers and organizations that receive financial assistance from any Federal department or agency. Title II of the ADA extended this coverage to all state and local government entities, regardless of whether they receive federal funding or not.

Agency Requirements

Under Title II of the ADA, the City of Fayetteville must meet these general requirements:

- Must operate programs so that, when viewed in their entirety, the programs are accessible to and useable by individuals with disabilities [28 CFR Sec. 35.150].
- May not refuse to allow a person with a disability to participate in a service, program, or activity simply because the person has a disability [28 CFR Sec. 35.130 (a)].
- Must make reasonable modifications in policies, practices, and procedures that deny equal access to individuals with disabilities unless a fundamental alteration in the program would result [28 CFR Sec. 35.130(b)(7)].
- May not provide services or benefits to individuals with disabilities through programs that are separate or different unless the separate or different measures are necessary to ensure that benefits and services are equally effective [28 CFR Sec. 35.130(b)(iv) and (d)].
- Must take appropriate steps to ensure that communications with applicants, participants, and members of the public with disabilities are as effective as communications with others [29 CFR Sec. 35.160 (a)].
- Must designate at least one responsible employee to coordinate ADA compliance [28 CFR Sec. 35.107 (a)]. This person is typically referred to as the ADA Coordinator. The public entity must provide the ADA Coordinator's name, office address, and telephone number to all interested individuals [28 CFR Sec. 35.107 (a)].
- Must provide notice of ADA requirements. All public entities, regardless of size, must provide information about the rights and protections of Title II of the ADA to applicants, participants, beneficiaries, employees, and other interested persons [28 CFR Sec. 35.106]. The notice must include the identification of the employee serving as the ADA Coordinator and must provide this information on an ongoing basis [28 CFR Sec. 104.8 (a)].
- Must establish a grievance procedure. Public entities must adopt and publish grievance procedures providing for prompt and equitable resolution of complaints [28 CFR Sec. 35.107(b)]. This requirement provides a timely resolution of all problems or conflicts related to ADA compliance before they escalate to litigation or the federal complaint process.

Designation of Responsibility

In accordance with 28 CFR 35.107(a), the City of Fayetteville has designated the following to serve as ADA Title II Coordinator to oversee the city's policies and procedures:

Name: Yamile Nazar
Job Title: Human Relations Manager, ADA Title II Coordinator

In accordance with 28 CFR 35.150(d)(3), the City of Fayetteville has designated the following to serve as ADA Transition Plan Implementation Coordinator, to monitor the city's progress and manage review and updates of this document:

Name: Doug Hewett
Job Title: City Manager

Contact information is provided in **Appendix E – Contact Information**.

Training is an essential tool for ensuring compliance with ADA requirements. Responsible parties will identify resources and opportunities for agency employees at various levels to receive ADA-related training appropriate to their job functions.

Self-Evaluation

Overview

Under Title II of the ADA (28 CFR Sec. 35.105), public entities are required to perform a self-evaluation of their current services, policies, and practices concerning accessibility. The goal of the self-evaluation is to verify that, in managing its programs and facilities, the agency is providing accessibility and not adversely affecting the full participation of individuals with disabilities.

The ADA self-evaluation intends to review the agency's entire public program, including all facilities on public property and within public rights-of-way, to identify any obstacles or barriers to accessibility that need to be addressed. The general categories of items to be evaluated include:

- Departments and programs – A list of the services, programs, and activities in the organizations' departments and programs.
- General Nondiscrimination – An evaluation of the departments and programs in the city.
- Effective Communication – An evaluation of the departments and programs in the city.
- Web Accessibility – An evaluation of the policies and procedures concerning the organizations' web accessibility.
- Communications, Information, and Facility Signage
- Public Buildings and Spaces – offices, parking areas, parks, and other types of publicly accessible spaces
- Pedestrian Facilities and Public Rights of Way – sidewalks, curb ramps, bicycle/pedestrian trails, traffic control signals, and transit facilities located within City rights-of-way

Public entities are required to provide an opportunity for interested persons, including individuals with disabilities or organizations representing individuals with disabilities, to participate in the self-evaluation process by submitting comments [28 CFR Sec. 35.105(b)].

Furthermore, a public entity that employs 50 or more persons is required, for at least three years following the completion of the self-evaluation, to maintain on file and make available for public inspection:

- A list of the interested persons consulted;
- A description of areas examined and any problems identified; and,
- A description of any modifications made.

Process and Findings

The City of Fayetteville completed a self-evaluation of its services, programs, activities, and facilities on public property and within public rights-of-way concerning accessibility. Detailed inventories and findings from this review are provided in **Appendix A – Self Evaluation** under the headings of Communications, Information, and Facility Signage (**A1**), Public Buildings and Spaces (**A2**), and Pedestrian Facilities and Public Rights of Way (**A3**).

Communications, Information, and Facility Signage

Title II of the ADA includes the following requirements regarding Communications.

General (28 CFR Sec. 35.160)

- A public entity shall take appropriate steps to ensure that communications with applicants, participants, and members of the public with disabilities are as effective as communications with others.
- A public entity shall furnish appropriate auxiliary aids and services where necessary to afford an individual with a disability an equal opportunity to participate in and enjoy the benefits of a service, program, or activity conducted by a public entity.
- In determining what type of auxiliary aid and service is necessary, a public entity shall consider the individuals' requests with disabilities.

Information and Signage (28 CFR Sec. 35.163)

- A public entity shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information about the existence and location of accessible services, activities, and facilities.
- A public entity shall provide signage at all inaccessible entrances to each of its facilities, directing users to an accessible entrance or to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each accessible entrance of a facility.

Other examples of essential communication items or devices include Accessible Pedestrian Signals (APS) used at intersections, signs, pavement markings, and other traffic control devices. These devices are used to provide warning and positive guidance near construction, maintenance, or utility work areas or zones that affect sidewalks, crosswalks, or other pedestrian access routes.

Appendix A3 – Pedestrian Facilities and Public Rights-of-Way of this Transition Plan provides additional information about communication items related to Pedestrian Facilities and Public Rights-of-Way.

The city has conducted a detailed evaluation of communications, information, and facility signage concerning the ADA Title II requirements. The findings from this evaluation are provided in **Appendix A1 – Communications, Information, and Facility Signage**.

Improvement Schedule

The City of Fayetteville plans to implement improvements for the items that have been identified as potential obstacles to accessibility – refer to **Appendix B – Implementation Strategy & Action Plan**.

Public Buildings and Spaces

The City of Fayetteville is responsible for publicly accessible buildings, museums, parks, police stations, fire stations, and any other publicly owned structure that is open for public access.

The city has continuously improved access to its public facilities. The method and detailed accessibility evaluation of each of the city buildings, facilities, parks, pools, administrative structures, and related parking areas, based on ADA guidance, North Carolina State Building Code, and other established resources, evaluation method, plans, and findings of the evaluation are provided in **Appendix A2 – Public Buildings and Spaces**.

Improvement Schedule

The City of Fayetteville plans to implement improvement for items that have been identified as potential obstacles to accessibility – please refer to – **Appendix B – Implementation Strategy**.

Pedestrian Facilities and Public Rights-of-Way

During the self-evaluation process, the City of Fayetteville has conducted a comprehensive inventory and evaluation of pedestrian facilities within its public rights-of-way. The total number of these facilities are approximate:

Rights-of-Way & Pedestrian Facilities		
Pedestrian Facilities	Number of Locations	Inspection
Sidewalks	207 Miles	Fall-20
Curb Ramps	2259 ramps	Fall-20
Multi-use Paths	7 miles	Fall-20
Traffic Control Signals	350	Fall-20
Bus Stops – ADA Accessible	279	Fall-20
Bus Stops – Not ADA Accessible	335	Fall-20

The City of Fayetteville uses three methods for upgrading pedestrian facilities to current ADA standards:

1. **Scheduled Street and Utility Improvement Projects**: All pedestrian facilities impacted by these projects are upgraded to current ADA accessibility standards.

2. Revolving Sidewalk and ADA Accessibility Improvement Fund: This program is captured within the CIP, and associated improvements are identified and implemented annually by the Public Services Department, Transit Division of the City of Fayetteville.
3. The North Carolina Department of Transportation (NCDOT) and the Fayetteville Public Services Department coordinate on long-range planning and capital programming documents for a large portion of the city's transportation network. Coordination is necessary to ensure that planning and programming documents align with ADA compliance priorities.

Recently, the city has implemented many accessibility improvements (sidewalks, wheelchair ramps, and signalized pedestrian crossings) to pedestrian facilities:

- Murchison Road corridor
- Raeford Road widening and sidewalk corridor
- Bragg Boulevard corridor
- City Hall first floor renovations

Please note that these projects are ongoing, and the list is not all-inclusive of improvement projects being completed currently. A detailed evaluation of these projects concerning accessibility compliance is provided in **Appendix A3 – Pedestrian Facilities and Public Rights-of-way**.

Improvement Schedule

The City of Fayetteville will implement improvements for the items that have been identified as potential obstacles to accessibility in **Appendix B – Implementation Strategy & Action Plan**.

Public Outreach & Involvement

The City of Fayetteville looks to ensure that public participation is a primary component in developing this transition plan. Input from the community has been gathered and used to help define priority areas for improvements within the jurisdiction of the City of Fayetteville.

Public outreach for preparation of this document has consisted of the following activities:

- City Council Work Session – February 1, 2021
- Public Notification – April 21, 2021
- Social Media announcement – April 21, 2021
 - Facebook
 - Instagram
 - Twitter
- FayTV announcement – April 21, 2021
- Public Webinar - Discussion with the Community
 - May 12, 2021 – 6:00 p.m.
 - May 19, 2021 – 6:00 p.m.
 - May 26, 2021 – 6:00 p.m.

Distribution to supporting Agencies:

- North Carolina Department of Transportation
- Cumberland County Government
 - County Department of Social Services
 - County Health Department
 - County Senior Services
 - County Veterans Services Department
- Fayetteville State University
- Fayetteville Technical Community College
- Fayetteville Housing Authority
- Non-profit members of the Continuum of Care Coalition
- Cape Fear Hospital System

This document was also made available for public comment online at www.FayettevilleNC.gov/ada and the City of Fayetteville City Hall.

Appendix C – Public Involvement Plan summarizes comments received and detailed information regarding the public outreach activities.

Public Notice of ADA requirements and Grievance Procedure

The Americans with Disabilities Act requires agencies with greater than 50 staff to publish their responsibilities regarding ADA compliance. A draft of this public notice is provided in **Appendix D – Public Notice of ADA Requirements and Grievance Procedure**.

If users of the City of Fayetteville’s facilities and services believe the city has not provided a reasonable accommodation, they have the right to file a grievance. Per 28 CFR Sec. 35.107(b), the city has developed a grievance procedure for the prompt and equitable resolution of citizens’ complaints or concerns. This grievance procedure is outlined in **Appendix D – Public Notice of ADA Requirements and Grievance Procedure**.

Progress Monitoring and Transition Plan Management

This Transition Plan is a living document that will be updated periodically as conditions within the city evolve. A complete document review will be conducted at least once per year to identify any need for updates with the results presented to the City Manager. Updates to the appendices or attachments may be made more frequently as needed. Any substantive updates that change the method of evaluation and improvement prioritization to the main body of this document will include a public comment period to continue the city’s public outreach efforts. The ADA Transition Plan will be updated and presented to City Council every five years.

The City of Fayetteville recognizes that ADA compliance is an ongoing responsibility, which will require monitoring to identify future accessibility issues that may be encountered. An annual review of the ongoing evaluations, improvements, and compliance program will correlate with the formulation of the yearly Capital Improvement Plan. City employees and community stakeholders are encouraged to report any accessibility concerns or deficiencies that are identified.

Appendix A – Self-Evaluation

A public entity that employs 50 or more employees is required to maintain on file and make available for public inspection:

- A list of the interested persons consulted;
- A description of areas examined and any problems identified; and,
- A description of any modifications made.

Interested Persons Consulted

The City of Fayetteville staff conducted the self-evaluation in the various areas of Communications, Information Technology, Facility Signage, Building Facilities and Related Parking Lots/Facilities, and Pedestrian Facilities/Public Rights-of-way. Staff included representatives from various departments and divisions of the city to include:

City of Fayetteville – City Council, Departments, and Staff

City of Fayetteville Mayor & City Council
Fayetteville Airport
Budget Division
City Attorney's Office
City Manager's Office
Corporate Communications
Development Services Department
Economic & Community Development Department
Finance Department

Community Watch Groups

Cliffdale West Community Watch Group – May 6, 2021

B Street Community Watch Group – May 18, 2021

**The ADA Transition Plan, Website, Information Cards, and survey were distributed to all community watch groups via the Fayetteville Community Watch Group Police division

Descriptions of areas examined, problems identified, improvement projects, and modifications are listed in the following sections **A1**, **A2**, and **A3**.

A1 – Communications, Information, and Facility Signage

The City staff strive to ensure that person with vision, hearing, or speech disabilities can communicate with, receive information from, and convey information to, the City of Fayetteville. The city has conducted a detailed evaluation of its communications, information, and facility signage concerning the ADA Title II requirements. The results are listed as follows.

Inventory and Findings

The city strives to achieve inclusion from all interested parties in all activities by:

- Ensuring that communications with applicants, participants, and members of the public with disabilities are as effective as communications with others. That the city promotes availability for a request for accommodations at any City meeting, event, and public hearings by inclusion on all public notices and advertisements that accommodation is available upon request.
- Auxiliary aids and services are available with notice to afford individuals with disabilities an equal opportunity to participate in and enjoy the benefits of agency services, programs, or activities.
- Ensure that interested persons, including persons with impaired vision or hearing, can obtain information about the existence and location of accessible services, activities, and facilities. Services available are sign language interpreters, readers, Braille, and large print text are available upon request.
- Signage within buildings is to be designed to provide the most accommodation possible without further intervention.
- Provision of telecommunications devices for the deaf (TDD) Communication System promotes its availability on official communications to include City stationery, business cards, web applications, and the City of Fayetteville website.

Correspondence and Printed Documents

Adherence to principles contained within the City’s Style Guide promotes branding consistency while also furthering ADA compliance for written correspondence and printed documents. Use of Prescribed templates with minimum font sizes, appropriate colors, and a legible format meets current ADA standards. Where needed, the city provides large print documents and other specialized communication means for those with vision disabilities.

Website and Web Application Accessibility

The city’s website is designed with the creation of Alt Tags for all images and videos. Impaired users can move their ‘mouse’ over the image and then read the description through their enhanced technology. On the bottom of the city’s homepage, the city lists accessibility information that describes in detail how the city strives to be ADA compliant through meeting the design standards of Section 508 (Section508.gov) as well as 2.0A and A.A. (Web Accessibility Initiative): <https://fayettevillenc.gov/>.

The webpage allows users to request assistive technology (braille reader, screen reader, or text telephone) and provides contact information if the format of any material on the website is inaccessible. The city asks that users requesting accommodation indicate the nature of their accessibility problem, the preferred format in which to receive the material, the web address of

the requested information, and their contact information. Section 508 accommodations are also present for the city’s mobile website.

FayTV – Government Television Channel

FayTV produces informative and engaging content that highlights programs and services provided by the City of Fayetteville. FayTV is available 24/7 to subscribers of Spectrum Cable and is also available for viewing on YouTube and live stream on the city’s webpage. Corporate Communications also produces city-related podcasts for the City of Fayetteville podcast channel “Radio Fayetteville,” which is available on Apple Itunes, the Itunes podcast app, and the Google Play Music Podcast portal. Podcasts allow residents to listen to a show from a computer, their cellular device, or their privately owned vehicle.

FayTV also includes original content:

- City Update
- Fayetteville in 5
- City Conversations
- City Council Meetings
- Various other public service announcements and promotional content

FayTV content is also available on Roku, Amazon Fire TV, AppleTV, Android TV, and the websites. The streaming app supports VOD content as well as live streams. A live captioning service provides the captioning for council meetings, and the meetings are set to record the captioning stream for playback on Cable. In addition, one of the TVs in chambers is set to air the Cable feed. The Livestream vendor supports captioning via uploading.

The following shows are converted to podcasts:

- City Update

A2 – Public Buildings and Spaces

In July 2020, the city conducted a detailed accessibility evaluation of its public buildings and spaces, using the *ADA Checklist for Existing Facilities* publication. The publication, which is based on the 2010 ADA Standard for Accessible Design and the latest North Carolina Building Code. Examples of these types of facilities include recreational areas, playgrounds, shelters, office buildings, parking areas, and other types of public buildings and structures. The results of the evaluation are listed as follows.

Inventory and Findings

Each Building facility was reviewed concerning accessibility. Using the *ADA Checklist for Existing Facilities* and the latest N.C. Building Code, each building facility evaluated the four priority areas that were identified in the Department of Justice ADA Title II Regulations:

- **Priority 1** – An accessible route from site arrival points and an accessible entrance to the facility should be provided. The evaluation includes parking lots and other parking facilities concerning ADA requirements for the provision of accessible parking spaces.
- **Priority 2** – Access to goods and services. The inspection evaluates the layout of the building, which should allow people with disabilities to obtain goods and services and participate in activities without assistance.
- **Priority 3** – Access to public restrooms. If a restroom is open to the public, it should be accessible to people with disabilities.
- **Priority 4** – Additional access. Amenities such as drinking fountains, play areas, and public telephones should be accessible to people with disabilities.

Refer to **Attachment 1 – Self-Evaluation of Public Buildings and Spaces** for more detailed information regarding specific results of the Public Buildings and Spaces inventory.

Additional Evaluation

Following the completion of this initial self-evaluation, it is clear that additional efforts were needed to explore ADA compliance in this particular area further. The Staff has made considerable progress with the current Transition Plan and will continue to address projects to further disabled accessibility to public facilities.

A3 – Pedestrian Facilities and Public Rights-of-way

The city conducted a self-evaluation of pedestrian facilities and public rights of way in 2020. This self-evaluation focused on NCDOT maintained roads to include Bragg Boulevard, Murchison Road, Skibo Road, Grove Street, and several other NCDOT maintained roads. The

Staff also inspected all current transit bus stop locations and pedestrian access to these sites. Items evaluated include curb ramps, passing zones, bust stop connectivity, accessibility to bust stop, pedestrian crosswalks, and signal pedestrian heads. The results of the evaluation are listed as follows.

Inventory and Findings

The city was divided using small sectors to assist with focusing efforts in a concentrated manner with the initial focus on the areas immediately surrounding public and municipal facilities. Refer to **Attachment 2 – Self-Evaluation Public Rights-of-Way and Pedestrian Facilities** that include a map of the areas inventoried.

Refer to **Attachment 3 – Self-Evaluation Transit Bus Stops and Public Rights-of-Way** for more detailed information regarding specific results of the inventoried public transportation assets.

Additional Evaluation

Upon completion of this self-evaluation, it is clear that additional efforts are needed to explore ADA compliance in this particular area further. While Staff has made significant progress with the current Transition Plan, work will continue over the next year to evaluate Public Rights-of-Way and Pedestrian Facilities.

Appendix B – Implementation Strategy & Action Plan

The City of Fayetteville recognizes that overcoming accessibility challenges is a continuous effort. While some challenges may be addressed with minimal action and financial commitment, others require significant investment in both time and money. The City's ADA implementation strategy is broken into components. The first section is related to short-term actions that individual City Departments may take with funding allocated through the annual operating budget. Longer-term and more costly efforts are identified and managed through the City's Capital Improvement Plan (CIP). Public requests for improvement not identified within this strategy will be evaluated and prioritized for implementation accordingly by the City's ADA Compliance Committee.

Short-Term Implementation Actions

These short-term actions will focus on training and education to include promoting ADA accommodations to the public, available resources, and education on the law. These short-term actions will be an immediate and continuous effort.

Communications

- The city will continue to promote the availability of ADA accommodations on all outward correspondence with the public.
 - Responsible Departments:
 - Human Relations Department – Public Outreach
 - City Manager's Office – Public Outreach
 - Corporate Communications – Media Services
 - Information Technology – ArcGIS & technology support
- The city will provide training to educate employees on ADA communication requirements for various types of disabilities.
 - Responsible Departments:
 - Human Relations Department
 - Corporate Communications
 - Human Resources Department
- The city will provide training about ADA resources available to those requesting special accommodations for key City Staff that Frequently Communicate with the public.
 - Responsible Departments:
 - City Manager's Office
 - Human Relations Department
 - Corporate Communications
 - Human Resources Department
- The Corporate Communications Department will provide the city's style guide and associated templates/materials to all City departments. Corporate Communications will also provide technical assistance to departments in support of the Style Guide and related materials.
 - Responsible Departments:
 - Corporate Communications
 - Human Resources
 - Human Relations

Long-Term Implementation Actions

Building Facilities and Related Parking Lots and Facilities

Some of the city’s buildings and facilities have already been identified for upgrades and improvements.

ADA Transition Plan Improvements – Municipal Buildings		
<i>Facility Name</i>	<i>Project Completion Year</i>	<i>Improvements</i>
Traffic Services Division, Building Renovations 333 Alexander St.	2021	Renovated Building -Improved Restrooms to ADA compliance -Improved exterior access and parking lot -Improved water fountains to ADA compliance
City Hall – First Floor Renovation	2022	Renovate City Hall 1 st Floor -Improve Restrooms to ADA Compliance -Improve ADA Accessibility to entrance -Improve Council Chambers to ADA Compliance

Public Rights-of-Way, Sidewalks, and Curb ramps

The city will continuously improve existing pedestrian facilities and public rights-of-way or install new accessibility options as part of a new project. The following areas have been identified either through an existing City project as part of the Capital Improvement Plan or in conjunction with NCDOT planned projects. City Council funds \$25,000 an FY as a reoccurring operating fund to install or improve sidewalks and curb ramps

ADA Transition Plan Improvements – Rights-of-Way, Sidewalks, and Curb ramps		
Type of Action	Nearest Intersection	Completion Year
Sidewalks & Curb ramps	Kennedy St & Adam St	2021
Sidewalks & Curb ramps	Walter Reed Rd & Cape Center Dr	2021
Sidewalks & Curb ramps	McGilvary St & McIver St	2021

City of Fayetteville Roadway Resurfacing List

The City of Fayetteville maintains an annual street resurfacing list. When roads are scheduled for resurfacing, the city identifies intersections that curb ramps, pedestrian crosswalks, or pedestrian signals should be installed and installs them. The following City of Fayetteville maintained roads had been identified for resurfacing. This list is not all-inclusive, and roads may be added, removed, or the limits modified to account for actual road conditions.

ADA Transition Plan Improvements – City of Fayetteville Three -Year Plan

NCDOT Five-Year Resurfacing List

NCDOT maintains a five-year annual street resurfacing list by county. When streets are scheduled for resurfacing, NCDOT and the City collaborate to identify intersections that curb ramps, pedestrian crosswalks, or pedestrian signals should be installed. The following NCDOT maintained roads had been identified for resurfacing. This list is not all-inclusive, and roads may be added, removed, or the limits modified to account for actual road conditions.

Appendix C – Public Involvement Plan

The Americans with Disabilities (ADA) Self-Evaluation and Transition Plan process was presented to Council on **February 1, 2021**. During this public meeting, Staff briefed City Council on the city's process of the self-evaluation as well as conveyed the short and long-term strategies that will be adopted in the final ADA Transition Plan

The plan was published on the city's website at www.fayettevillenc.gov/ada (**Exhibit A**), the Fayetteville Observer, Fay TV (**Exhibit B**), the City's Facebook page (**Exhibit C**), Twitter (Exhibit D), and Instagram (Exhibit E) on **April 19, 2020**. The city notified the public and local supporting agencies that the draft plan was available for review and that a public input meeting was scheduled for three Webinars. Each webinar provides a venue where the public can participate and hear the results of the self-evaluation as well as have an opportunity to provide feedback. The city also created an "Accessibility Survey" (**Exhibit E**) for residents to submit their input regarding accessibility in and around the municipality.

A summary of the comments received include:

- Requests to improve accessibility for residents by increasing the number of sidewalks along major corridors of the city.
- Advocate and educate the public on handicap parking requirements (single vehicle and van parking) as well as accessible paths.
- Improving accessibility to Segra Stadium – the current array of handicapped parking in the downtown area does provide accessibility, but in a way that requires disabled participants to travel long stretches of walkways.
- Requests to add auditory devices at all signalized crossing points.

Self-Evaluation & Transition Plan

ADA SELF-EVALUATION & TRANSITION PLAN

In the City of Fayetteville, we believe that mobility for people of all abilities is a fundamental right. We strive to provide residents with accessible and enjoyable travel options and help connect people with each other and with the places they want to go. Our ADA is a major concern in which we work to ensure a sense of belonging.

Please join us to discuss the City of Fayetteville's ADA Self-Evaluation and Transition Plan at our public forum Webinars.

City of Fayetteville, NC Government
 Published by Hootsuite · April 21 at 2:27 PM

City staff wants to increase the number of public accommodations that meet or exceed requirements listed in the Americans with Disabilities Act (ADA). The City's ADA Self-Evaluation and Transition Plan can be found online however, public feedback is needed before the plan is presented to the Fayetteville City Council.

City staff will host three webinars for residents to express views on the City's current ADA accommodations and overall accessibility. Registration is required for each Webinar. Webinar date and survey can be found here: <http://ow.ly/6QAQ50EuoCj>.

Please share the information. Public input is essential for the plan's success.

ADA SELF-EVALUATION AND TRANSITION PLAN

Self-Evaluation assesses how well infrastructure such as public spaces, parks, sidewalks, multi-use paths, ramps, pedestrian signals and bus and transit stops complies with the ADA. The self-evaluation looks at policies, engages with the public, and identifies our public infrastructure accessibility barriers.

A Transition Plan will prioritize, create a schedule to make the elements identified in the situation.

AMERICANS WITH DISABILITIES ACT

The Americans with Disabilities Act (ADA), on July 26, 1990, is a federal civil rights law that prohibits discrimination against individuals on the basis of disability. It requires Fayetteville to determine where facilities, sidewalks and streets do not comply with the law and make a plan to bring them into compliance.

A person with a disability is defined as a person who has a physical or mental impairment that substantially limits one or more major life activities.

27.2% of the City of Fayetteville's population is 60 and older (live with a disability).

44% of the City of Fayetteville's population is 60 and older (live with a disability).

MAJOR TYPES OF DISABILITIES IN NORTH CAROLINA

- 13.3% Mobility (moving, walking, using climbing stairs)
- 12.4% Cognitive (remembering, or making decisions, concentrating, or learning)
- 16.9% Independent Living (difficulty using hearing, seeing, or hearing a device)
- 7.3% Hearing (deaf or serious hearing loss)
- 6.3% Vision (blind or serious difficulty seeing even when wearing glasses)
- 4% Self-Care (difficulty dressing or grooming)
- 17.5% Other (of the City of Fayetteville, 17.5% of the population has a disability, and 17.5% of the population has a disability according to the ADA)

Public feedback needed for ADA Self-Evaluation and Transition Plan

(Fayetteville, N.C.) – City of Fayetteville staff members want to increase the number of public accommodations that meet or exceed requirements listed in the Americans with Disabilities Act (ADA). The City's ADA Self-Evaluation and Transition Plan are now posted online. Review the plan [here](#). Residents can share feedback on the plan during upcoming webinars. Public feedback is needed before the plan is presented to the Fayetteville City Council.

The City's ADA Self-Evaluation and Transition Plan reviews three areas:

- Communications, information, and facility signage.
- Public buildings and spaces.
- Pedestrian facilities and public rights of way.

City staff will host three webinars for residents. Webinar participants can express views on the City's current ADA accommodations and overall accessibility.

Webinar schedule and links – *(registration required for each Webinar)*

ADA Webinar #1 – May 12 at 6:00 p.m.

ADA Webinar #2 – May 19 at 6:00 p.m.

ADA Webinar #3 – May 26 at 6:00 p.m.

Register for a webinar [here](#).

Please download and share the event fliers posted [here](#).

Residents can also complete the City's online Accessibility Survey. The survey is posted [here](#).

###

Exhibit E – Accessibility Survey

The City of Fayetteville created and distributed a survey using the ArcGIS 123 Survey platform. This survey was broadcast on all social media platforms, the FayFixIT application, the city website, and on all printed media using a QR code. The survey received 313 responses from February 26, 2021, to June 15, 2021. The responses and corresponding data are in the following section:

1. Are you a person with a disability?

- a. **Yes** – 109 Responses – 34.82%
- b. **No** – 201 Responses – 64.22%

2. Are you a family member, friend, or caregiver of a person with a disability?

- a. **Yes** – 130 Responses – 41.53%
- b. **No** – 179 Responses – 57.19%

3. Are you a resident of the City of Fayetteville?

- a. **Yes** – 282 Responses – 90.1%
- b. **No** – 27 Responses – 8.63%

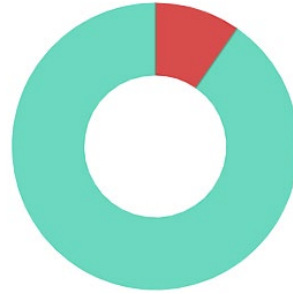

4. Are you employed within the City of Fayetteville?

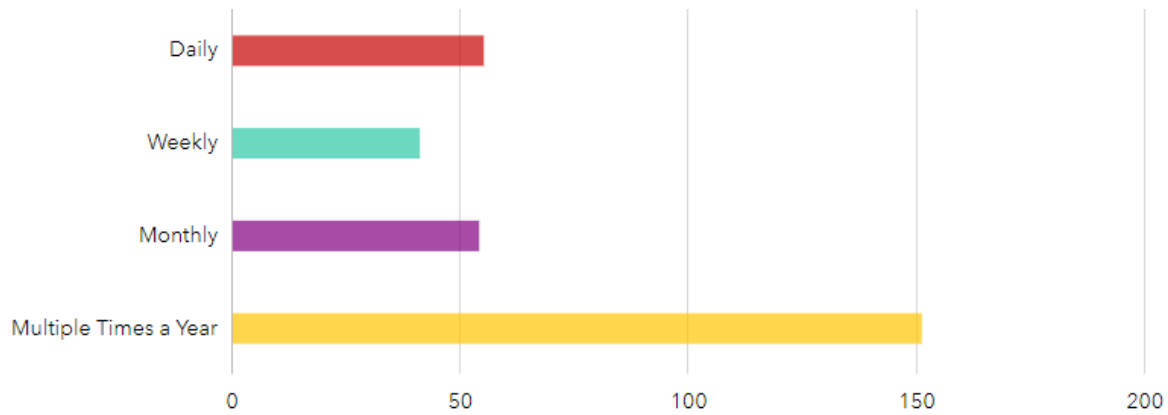

- a. **Yes** – 87 Responses – 27.8%
- b. **No** – 224 Responses – 71.57%

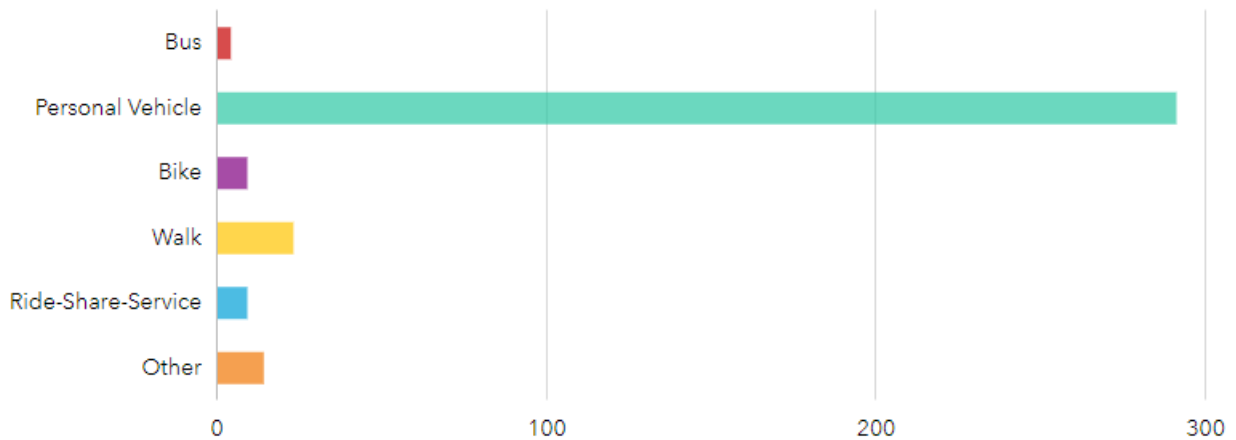

5. Are you a merchant or business owner/person?
- a. **Yes** – 30 Responses – 9.58%
 - b. **No** – 280 Responses – 89.46%

6. How often do you visit or access any City-owned facilities or buildings?
- a. **Daily** – 55 Responses – 17.57%
 - b. **Weekly** – 41 Responses – 13.1%
 - c. **Monthly** – 54 Responses – 17.25%
 - d. **Multiple Times a Year** – 151 Responses – 48.24%

7. How do you travel to City-owned facilities or buildings?
- a. **Bus** – 4 Responses – 1.28%
 - b. **Personal vehicle** – 291 Responses – 91.97%
 - c. **Bike** – 9 Responses – 2.88% **Walk** – 23 Responses – 7.35%
 - d. **Ride-Share-Service** – 9 Responses – 2.88%
 - e. **Other** – 14 Responses – 4.47%

8. Have you encountered any barriers to accessing any City-owned facility or building?
- a. **Yes** – 75 Responses – 23.96%
 - b. **No** – 233 Responses – 74.44%

9. Do the City of Fayetteville facilities offer adequate wayfinding signage?
- a. **Yes** – 200 Responses – 63.9%
 - b. **No** – 96 Responses – 30.67%

10. Do you participate in any City programs or activities?
- a. **Yes** – 121 Responses – 38.66%
 - b. **No** – 187 Responses – 59.74%

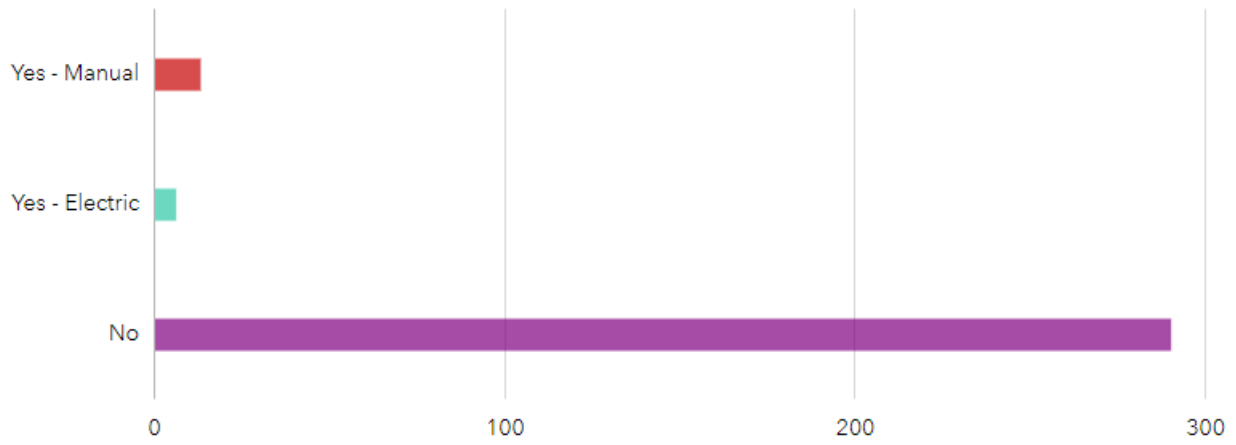

11. Have you encountered any barriers to participating in any City program or activity?
- a. **Yes** – 60 Responses – 19.17%
 - b. **No** – 247 Responses – 78.91%

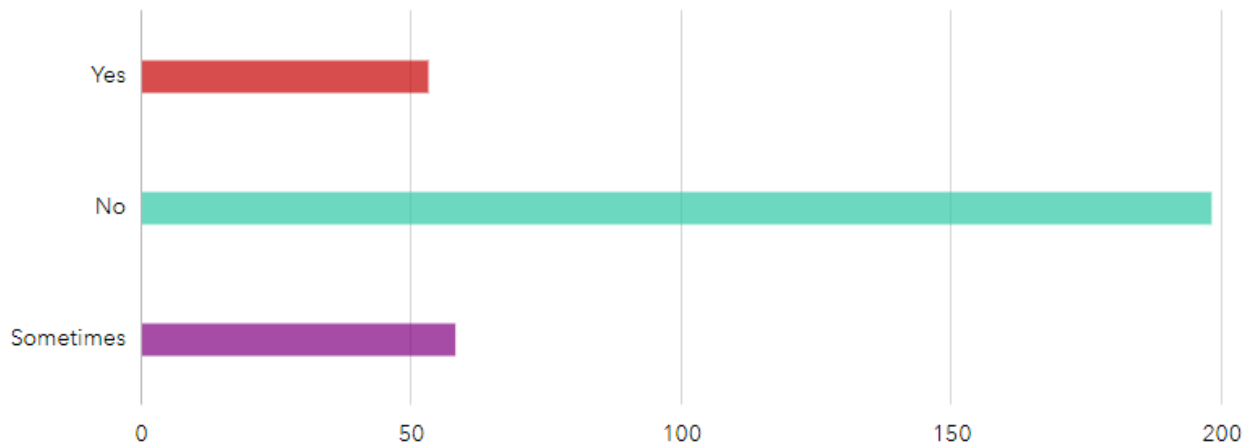

12. Do you use a wheelchair?

- a. **Yes** – Manual – 13 Responses – 4.15%
- b. **Yes** – Electric – 6 Responses – 1.92%
- c. **No** – 290 Responses – 92.65%

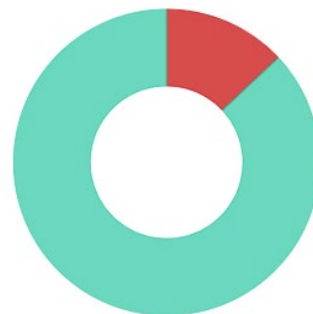

13. Do you use a walker, cane, or crutches?

- a. **Yes** – 53 Responses – 16.93%
- b. **No** – 198 Responses – 63.26%
- c. **Sometimes** – 58 Responses – 18.53%

14. Do you have partial sight, low vision, or blindness?

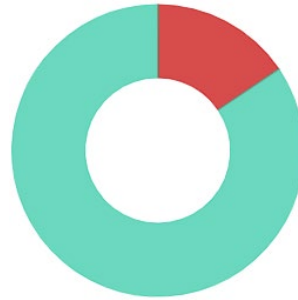

- a. **Yes** – 40 Responses – 12.78%
- b. **No** – 267 Responses – 85.3%

15. Do you have impaired hearing?
- a. **Yes** – 61 Responses – 19.49%
 - b. **No** – 248 Responses – 79.23%

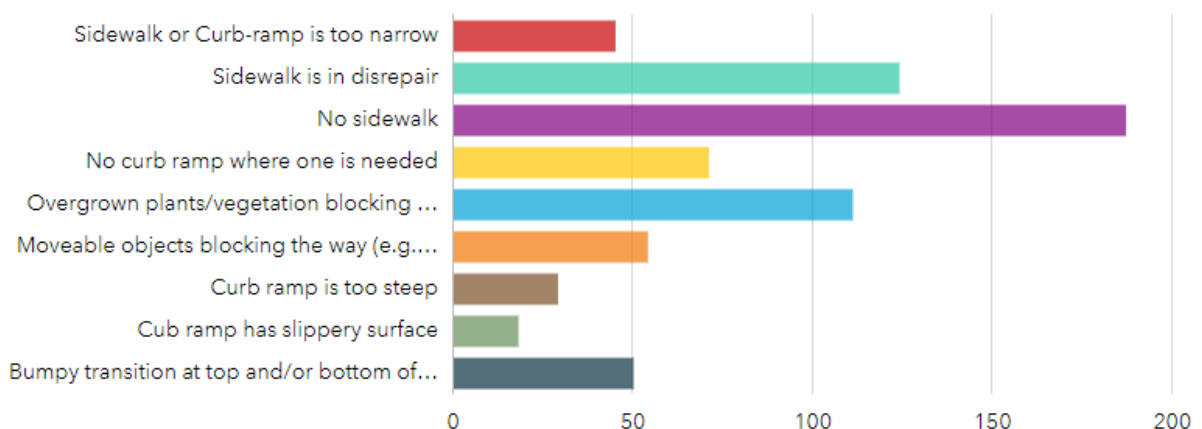

16. Do you have a cognitive or mental health disability?
- a. **Yes** – 48 Responses – 15.34%
 - b. **No** – 260 Responses – 83.07%

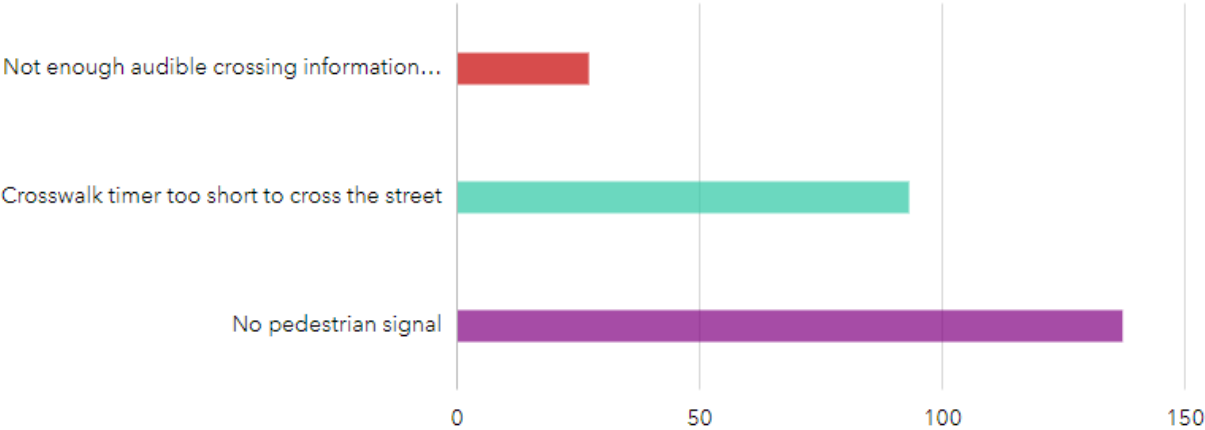

17. Which of these situations below make it most difficult for you to navigate a sidewalk and curb ramp? Please select your top three answers.

- a. **Sidewalk or Curb-ramp is too narrow** – 45 Responses – 14.38%
- b. **Sidewalk is in disrepair** – 124 Responses – 39.62%
- c. **No sidewalk** – 187 Responses – 59.74%
- d. **No curb ramp where one is needed** – 71 Responses – 22.68%
- e. **Overgrown plants/vegetation blocking the pathway** – 111 Responses – 35.46%
- f. **Moveable objects blocking the way** – 54 Responses – 17.25%
- g. **Curb ramp is too steep** – 29 Responses – 9.27%
- h. **Curb Ram has a slippery surface** – 18 Responses – 5.75%
- i. **Bumpy transition at top and bottom of the curb** – 50 Responses – 15.97%

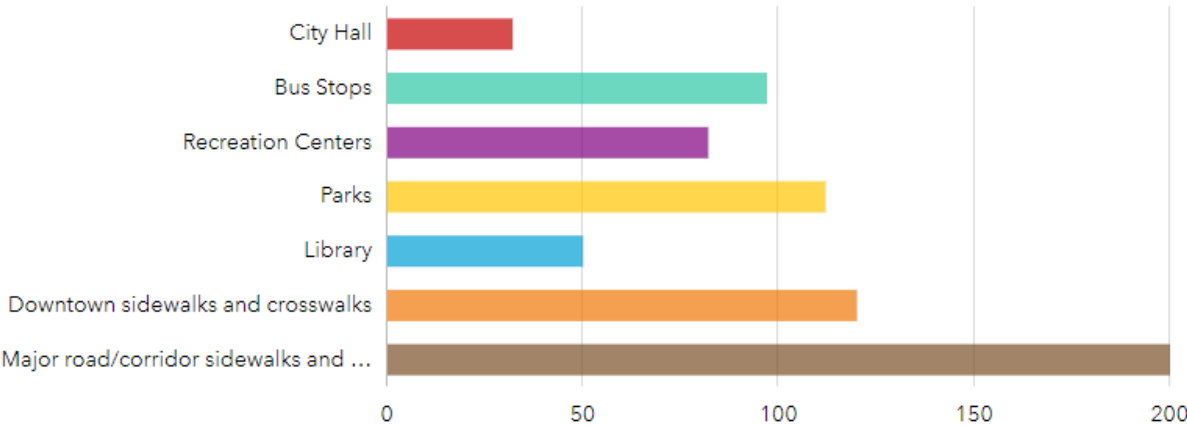

18. Which of these situations below make it most difficult to navigate a traffic signal intersection?

- a. Not enough audible crossing information – 27 Responses – 8.63%
- b. Crosswalk timer too short to cross the street – 93 Responses – 29.71%
- c. No pedestrian signal – 137 Responses – 43.77%

19. Which of the destinations below are most important to fix increased accessibility? Please select your top three answers.

- a. City Hall – 32 Responses – 10.22%
- b. Bus Stops – 97 Responses – 30.99%
- c. Recreation Centers – 82 Responses – 26.2%
- d. Parks – 112 Responses – 35.78%

- f. Downtown sidewalks and crosswalks – 120 Responses – 38.34%
- g. Major road/corridor sidewalks and crossings – 200 Responses – 63.9%

Appendix D – Public Notice of ADA Requirements and Grievance Procedure

As required by the ADA, the city has posted the following notice outlining its responsibilities concerning ADA compliance.

Public Notice

Per the requirements of Title II of the Americans with Disabilities Act of 1990, the City of Fayetteville will not discriminate against qualified individuals based on disability in City services, programs, or activities.

Employment: The City does not discriminate based on disability in its hiring or employment practices and complies with all regulations promulgated by the U.S. Equal Employment Opportunity Commission under Title I of the Americans with Disabilities Act (ADA).

Effective Communication: The City will, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities so they can participate equally in the city's programs, services, and activities, including qualified sign language interpreters, document in Braille, and other ways of making information and communications accessible to people who have speech, hearing or vision impairments.

Modifications to Policies and Procedures: The City will make all reasonable modifications to policies and procedures to ensure that people with disabilities have an equal opportunity to enjoy all City programs, services, and activities. For example, individuals with service animals are welcomed in City offices, even where pets are generally prohibited.

Anyone requiring an auxiliary aid or service for effective communication or modification of policies or procedures to participate in a City program, service or activity, should contact the office of the ADA Coordinator as soon as possible but no later than 48 hours before the scheduled event: **Yamile Nazar, ADA Coordinator: 910-433-1696**

The ADA does not require the city to take any action that would fundamentally alter the nature of its programs or services or impose an undue financial or administrative burden. The city will not place a surcharge on an individual with a disability or any group of individuals with disabilities to cover the cost of providing auxiliary aids/services. Additionally, the city will ensure reasonable modifications of policy, such as retrieving items from locations that are open to the public but are not accessible to persons who use wheelchairs.

Complaint Procedure

The City of Fayetteville grievance procedure is established to meet the requirements of the Americans with Disabilities Act (ADA) of 1990.

Who May File

Any individual who has attempted to access one city's services, activities, or programs and who believes that he or she has been discriminated against based on a disability.

The Complaint

The complaint may be in writing, or you may request an in-person interview with the ADA Compliance Officer. The Compliance Officer may assign the matter to his/her designee for investigation.

The complainant should have information readily available for the investigator. Information should include contact information and all relevant facts of what occurred. All relevant facts include but are not limited to location, date, time, any interaction with city employees, names, and other information, as deemed appropriate.

The complaint should be made as soon as possible, but no later than 30 calendar days from the date of the alleged violation to the Compliance Officer. An intake interview will be scheduled, and an investigation of the allegations will be conducted. Following the investigation, a report and recommendation will be provided to the Compliance Officer. A determination will be prepared, in writing, and mailed certified to the complainant, and a copy provided to the City Attorney's Office.

Appealing the Decision from the Compliance Officer

If the complainant wishes to appeal the Compliance Officer's decision, they may do so, in writing, to the City Manager within 30 days from receipt of the decision.

All investigative files will be kept archived for three years with the Fayetteville-Cumberland Human Relations Department.

Appendix E – Contact Information

In accordance with 28 CFR 35.150(d)(3), the City of Fayetteville has designated the following to serve as ADA Transition Plan Implementation Coordinator, to monitor the city’s progress and manage review and updates of this document:

ADA Title II Coordinator

Name: Yamile Nazar
Job Title: Human Relations Manager - ADA Title II Compliance Officer
Office Address: 225 Festival Park Plaza, Suite 100 | Fayetteville, NC 28301-5537
Phone: 910-433-1696
Fax: 910-433-1535
Email: YNazar@ci.fay.nc.us
TTY 711

ADA Project Manager

Name: Brook M. Redding
Job Title: Assistant to the City Manager
Office Address: 433 Hay St., Fayetteville, NC 28301
Phone: 910-433-1475
Email: breeding@ci.fay.nc.us

ADA Transition Plan Implementation Coordinator

Name: Doug Hewett
Job Title: City Manager
Office Address: 433 Hay St., Fayetteville, NC 28301
Phone: 910-433-1997
Email: DHewett@ci.fay.nc.us
