

## **Fayetteville Beautiful Volunteer Procedures**

1. Organize a volunteer group from your workplace, church, club, neighborhood, family, school, local government, etc., composed of people interested in removing roadside litter from their community and showing pride in the City of Fayetteville.
2. As soon as possible, go to [FayettevilleBeautiful.com](http://FayettevilleBeautiful.com) and select a location on the map you would like to clean up. You may have a road in mind. It may be a road in your neighborhood – the road in front of your church – any city road you think should be cleaner and would make you prouder of your community.
3. Determine each person's role in the cleanup. Fill in the individual responsible for the following roles:
  - Who will be in charge of safety?
  - Who will pick up supplies needed from City staff?
  - Cleanup supplies: Bright Colored clothing or Orange safety vests, gloves and orange bags reversible to blue (for recycling plastic, metal and glass).
  - Who will be in charge of water and snacks for volunteers?
  - Additional roles (i.e. who will handle recycling?)
4. Close and tie the tops of your filled bags. Leave only the orange bags on the roadside several yards from the pavement. Consolidate filled bags at intersections, off the roadway.
5. We encourage you to recycle. To do so, put the items to be recycled in blue recycling bags and take them to a recycling facility of your choice. Remember, it is illegal to put aluminum cans and plastic bottles into landfills and therefore they must be recycled.
