Process:

This application is for use with the E-Development Portal only. When your plans/ application is approved in the portal, the post-approval upload function becomes available. Use this function to upload permit applications. If other contractors are part of your project, you must use the invite contacts function on the project page to allow them access to the project using the e-mail they made the account with. **The City of Fayetteville cannot grant access to anyone for your project.** The contractor must have an account with the E-Development portal to upload applications and request inspections. E-mails are sent when the application is ready for payment and can be made through the portal.

Information is sent via e-mail so ensure that "City of Fayetteville. noreply@idtplans.com" is white-listed for your e-mail provider. Please check if e-mails are in spam or junk folders. Any e-mail that is non-deliverable automatically deactivates your account.

When the permit is issued, you can request an inspection through the project page using the inspections function.

All permits, inspection results, Certificate of Occupancy/ Compliance, payment receipts, etc. are found on the project page for you to print for your records if you so choose.

To view the user guide and other information, please visit: <https://www.fayettevillenc.gov/city-services/development-services/permitting-inspections>

No building permit issued under Article 9 or 9C of Chapter 143 of the General Statutes is required for any construction, installation, repair, replacement, or alteration performed in accordance with the current edition of the North Carolina State Building Code costing forty thousand dollars (\$40,000) or less in any single-family residence, farm building, or commercial building unless the work involves any of the following:

- (1) The addition, repair, or replacement of load-bearing structures. However, no permit is required for replacement of windows, doors, exterior siding, or the pickets, railings, stair treads, and decking of porches and exterior decks that otherwise meet the requirements of this subsection.
- (2) The addition or change in the design of plumbing. However, no permit is required for replacements otherwise meeting the requirements of this subsection that do **not** change size or capacity and installed by a North Carolina Licensed Plumbing Contractor.
- (3) The addition, replacement, or change in the design of heating, air-conditioning, or electrical wiring, devices, appliances, or equipment, other than like-kind replacement of electrical devices and lighting fixtures.
- (4) The use of materials not permitted by the North Carolina State Building Code.
- (5) The addition (excluding replacement) of roofing.
- (6) Any changes to which the North Carolina Fire Prevention Code applies.

Determining Building Valuation

To figure building valuation:

- Find the correct Occupancy Classification for the building (Chapter 3 of the NC Building Code);
- Find the Construction Type of the building (Chapter 6 of the NC Building Code);
- Once the dollar value is determined; multiply by total square footage of building.
